

Container Ideas for the 2024 Cress Creek Garden Club Plant Sale

- ❖ Photos primarily taken from Proven Winners Container recipe site, **so may not represent the actual colors of our plants.**
- ❖ If we are not carrying the actual Proven Winners plant or specific color, substitutions from our sale are made and noted on the slide **(CCGC # XXX)**
- ❖ Most containers are in the 12-to-16-inch range. Plants follow the standard thriller, filler, spiller concept. For a fuller look at the start, consider adding more of the same plants.

Variations on a Theme for Shade
